TRACKING AWARENESS

VISUAL TRACKING for LAW ENFORCEMENT

Visual Tracking: Shoeprint Interpretation and Suspect Recovery Course

Detecting Human Footprints and Intent

Modern Techniques to an Ancient Skill

VisTA Tracking Services unique methods of tracking and training are designed to teach visual tracking in an efficient and effective manner by utilizing everyone's natural perceptual abilities. During this class the basics of Visual Tracking are taught. Class topics range from specific indicators to look for, to how to systematically Track another human being. Law Enforcement Officers will find the course applicable during their daily duties at crime scenes, vehicle 'bailouts', and searches of areas of actual or suspected criminal activity.

Tracking training teaches you the art of observing, understanding, and knowing your environment in which you live and work.

Visual Tracking increases:

- Increased Officer Safety
- Greater Awareness
- Enhanced Perceptual Abilities
- Interpretation and Preservation of Footprint Evidence
